Harrison Mills is bordered on three sides by water and has endured many floods in the past. The ramps and elevated boardwalks, built to stay above the floodwaters, gave Harrison Mills its unique architecture. Walking through the front door of the 1906 General Store is like entering a time capsule. The original shelves are crowded with the necessities of life from the 1920s. A friendly storekeeper is waiting to show you around and pass the time with a story or two.
