

COVID-19 INFORMATION - GUIDANCE FOR CAMPERS

Under current Coronavirus restrictions we are asking campers to follow these guidelines to help us minimize the risk of transmission of infection among fellow campers.

- Please do not enter the campground if you are experiencing symptoms including cough, fever, shortness of breath, runny nose or sore throat that are not related to a pre-existing illness or health condition, or are otherwise required to isolate or quarantine.
- If you develop symptoms of illness during your stay, please inform us by calling 604-796-0414. We have a response plan in case of this type of emergency.
- You will be requested to show ID & reservation number upon arrival. Your personal information that is collected at registration could be used for contacting you in case of a COVID-19 outbreak.

COVID-19 Risk Mitigation

The general policies and procedures for camping at Kilby during this pandemic are:

- Physical Distancing:
 - Please park your RV to the right hand side of the campsite to create a barrier between sites for physical distancing between you and your neighbour;
 - Keep 2 meters apart from other campers when walking through the site or on the beach.
 - At this time we are ordered to limit all public gatherings larger than 50 people, therefore we will be controlling the number of people on the beach.
- Visitors:
 - Up to four visitors including children are allowed at your campsite during your stay.
 - It is best that your visitors are a part of your 'bubble'.
 - All guests are asked to leave your campsite by 10 pm.
 - These are temporary measures set out by the Province to reduce possible outbreaks.
- Coughing & Sneezing etiquette
 - To help stop the spread of germs: Cover your mouth and nose with a tissue when you cough or sneeze. Throw used tissues in the trash.
 - If you don't have a tissue, cough or sneeze into your elbow, not your hands.
- Pit Toilets & High-Touch Surfaces:
 - Please use your own RV's washroom for your safety;
 - The washrooms are open but have high-touch surfaces and are shared-use facilities. Due to staffing limitations the washrooms are **not** disinfected after every use. We will monitor the washrooms for cleaning and disinfection during the day, but will not be attended to after 4 pm;
 - Bring alcohol-based sanitizer and carry at all times for proper hand hygiene. If you do not have hand sanitizer please see camp host or park staff;
 - Stay 2 meters apart while waiting for use of the washrooms
 - Be cautious when using water taps and garbage cans, as these areas have high-touch surfaces.
- Payments
 - Most payments have been completed by reservation in advance of your arrival, however If payment is required, please see our camp host or park staff for debit or credit card payment.
 - As mentioned please be prepared to show your identification and reservation number upon arrival.

DO YOUR PART... While enjoying this Park.

Please practice & respect physical distancing and follow all BC's Public Health Authority's guidelines to help prevent the spread of Coronavirus while visiting this Park.
