Spirit Box - Also known as a ghost box. It is a ghost or spirit hunting device that allegedly communicates with spirits using a frequency scan mode.

MEL Meter - A piece of equipment used in ghost hunting. It measures the presence of electromagnetic fields, as well as sudden temperature changes.

Telepathy - A form of extrasensory perception that allows vicarious transmission from one person's mind to the other without physical contact or utilization of any normal sensory channels.

Coven - An assembly, group, gathering, or meeting of witches that is usually secret and often consisting of, or limited to, thirteen witches. The term is derived from the word covenant meaning an agreement or a coming together.

Psychic - An individual who uses extrasensory perception to identify things hidden to normal sensory channels. Sensitivity to supernatural or nonphysical influences leads to mysterious perception, vision, or understanding. Can further describe something spiritual or immaterial, beyond the scope of physical science.

Angel - A supernatural and spiritual being of superior intelligence and power to humans, or a guardian spirit. It can also describe a human figure with white robes and wings.

Paranormal - Refers to anything beyond the scope of what we perceive to be explainable by scientific methods. It's also referred to as the supernatural. Paranormal is a term that covers a wide range of phenomena.

Rem Pod - Are common with ghost hunters or paranormal investigators. This a ghost-hunting gadget that detects electromagnetic field fluctuations and temperature shifts. Essentially, it detects the movement of spirits and ghosts.

Near Death Experience (NDE) - This refers to the experience a person is said to have on the brink of death. They sometimes recount a story of what happened – usually an out-of-body experience or the vision of a tunnel of light.

Afterlife - After death or reincarnation: An existence in which a person's spirit, identity, soul, sentience, or stream of consciousness perseveres after the body has passed away.

Levitation - The act of rising from the ground and hovering in mid-air, usually with the aid of magical, or unseen powers that seem to defy the natural laws of gravity.

Ghost Hunter - Also known as a paranormal investigator, an individual who investigates areas reportedly haunted by ghosts and attempts to document the evidence.
